Adams County Living

We Need Your Help for Next Adams County Living

As Adams County's oldest and largest business organization, the chamber is the voice of business in and around Gettysburg. Last year saw unprecedented success in our work to tell the story of our members and the community with a new mobile app, a welcome sign at the entry to Gettysburg and through special events, like ribbon cuttings. Perhaps our greatest success was creating and distributing the new *Adams County Living* publication.

Adams County Living is your chamber's community guide and member business directory featuring more than 500 businesses. Not only does it tell the story of businesses like yours, it tells the story of our thriving community through relevant statistics and industry profiles.

With the support of our advertisers, we were able to put *Adams County Living* in the hands of 10,000 Adams County residents, as well as businesses and people looking to relocate to the area. That means we put your business in front of 10,000 potential customers.

The reviews are in and people are using *Adams County Living*. They are finding it a valuable resource in both their business and personal lives time and time again.

"Great job! Everett and I poured over all those colorful maps and read the book from cover to cover. We have nothing but praise for this fine publication. Informative, easy to read and lively format."

Antigoni Ladd, Tigrett Corp.

We are now in the beginning stages of the next *Adams County Living*, which will publish in September 2017. And we need your help.

GETTYSBURG ADAMS KIWANIS CLUB: SERVING THE CHILDREN OF ADAMS COUNTY

Founded in 1915, Kiwanis International is a global organization of clubs and members dedicated to serving the children of the world. The Gettysburg Adams Kiwanis Club meets bi-monthly at 6 p.m. on the 1st and 3rd Mondays of the month at Hoss's Steak and Sea House.

Service is at the heart of every Kiwanis club, no matter where in the world it's located. Kiwanis members stage nearly 150,000 service projects, devote more than 6 million hours of service and raise nearly \$100 million every year for communities, families and projects.

The Gettysburg Adams Kiwanis Club is working on a big project to benefit children in the Adams County community – a new playground at the Gettysburg Rec Park. Located at the southwest corner of the Charles Sterner Recreation Building, this all-inclusive, wheelchair accessible playground will offer a safe place where children of all physical abilities can come together and play, allowing them to build a stronger community as well as strong bodies.

The club is currently in the fundraising phase of the project, which will cost an estimated \$100,000. The goal is to raise the needed funds and break ground this summer. The club will raise funds for the project at Adams County's Got Talent, a talent show featuring youth grades 5-12, on Sunday, Feb. 12, at 3 p.m. at the Aspire Hotel. Tickets are available at the *Gettysburg Times* office.

Already WellSpan Gettysburg Hospital is on board with a large \$15,000 donation, along with many other donors. But the club has a long way to go. Businesses and individuals can make a 100% tax deductible donation to the project by writing a check to the Gettysburg Area Recreation Authority (GARA), the Kiwanis non-profit partner. Please contact Maureen Johnson, chair of the Kiwanis Playground Project Committee, at mojo5669@comcast.net or 717.476.7840.

Community Partners

A New Year – New Partners – New Projects

Main Street Gettysburg (MSG) supports the community and municipalities in a way that offers new opportunities for quality living, historic preservation and economic growth along with the means to make these opportunities happen. MSG constantly looks toward the future, stays connected to the community to know about their with changing needs and involves new partners to provide new ideas, resources and skills.

In 2016, MSG raised enough money for a Baltimore Street Revitalization Master Plan. Completing this plan by year-end of 2017 is one of several major goals for MSG. The importance of this project impacts not only the Baltimore Street property owners, organizations and businesses, but the entire town and beyond in many ways.

A Master Plan defines a community project and is the first step toward achieving a major community improvement project. It assesses the community's needs, defines the improvements to be made and then documents the scope of improvements, work and financial requirements necessary to achieve these improvements. Preliminary community discussions about Baltimore Street have already outlined better lighting, parking, safe sidewalks, updated infrastructure, and new ways to promote the Baltimore Street District as primary goals.

There are four primary phases in creating a master plan: collection of data and study area determination; vision casting and stakeholder input; development of a preliminary master plan; and finalization of the master plan.

C.S. Davidson will produce the plan and provide direction and research from a physical improvement standpoint. To keep costs down, MSG will work with CS Davidson to coordinate and facilitate both the physical and economic improvement portions of the plan. MSG's role includes identifying the many individuals involved and creating the groups and committees. Topics such as marketing and promotion, design and culture, business recruitment, incentives for new businesses and support for existing businesses and district residents will be covered.

The geographic scope of the plan includes the southern borough line at the Gettysburg National Cemetery to the Gettysburg Train Station on Carlisle, encompassing the designated Historic Pathway.

A Steering Committee of property owners who will gather information from the rest of the corridor and make decisions about the plan. They will meet every other month and review the design of the plan as it evolves. In addition, MSG will facilitate meetings of the Baltimore Street Committee and add the economic development aspect of the discussion. This committee will include additional partners from outside of the Baltimore Street district interested in the economic aspects.

This Master Plan requires a lot of work, but without it, it would be impossible to seek the funds to make this community's dreams come true. Main Street Gettysburg has proven in the past that by engaging a wide spectrum of community focused people that great things can be done.

Nominations open for Jim Getty Award

Destination Gettysburg has opened nominations for its annual Jim Getty Award - an honor bestowed upon an individual in the tourism community of Adams County who exemplifies leadership, dedication and contribution to the tourism industry.

The award is in honor of well-known Abraham Lincoln presenter, Jim Getty, who passed away in 2015.

"Jim Getty will always be remembered in Gettysburg as the man that made the 16th President of the United States come alive," said Norris Flowers, President and CEO of Destination Gettysburg. "He amazed everyone with his knowledge, presentation and likeness of President Abraham Lincoln. But Jim was also a great ambassador for the destination and encouraged everyone to visit this town he called home for 40 years."

This annual award will be presented to an individual, who - like Jim - displays qualities of leadership, dedication, contribution to our tourism community as well as being a true champion for Adams County's tourism industry.
