Gettysburg Adams Chamber of Commerce Presents Cybersecurity Program

Gettysburg, Pa. – Learn the fundamentals of cybersecurity during the next Gettysburg Adams Chamber of Commerce Lunch and Learn program, “Lions and Tigers and HACKERS...Oh My!” Thursday, Oct. 23, presented by ACNB Bank.

In the past, businesses could protect their accounts from fraud by using traditional accounting controls. In today’s business environment, the simple act of opening an email attachment or visiting a website could introduce malware in to your organization and leave your business the victim of payment fraud.

Cheryl McVay, ACNB Bank vice president and treasury management manager, and Tiffany Faust, vice president and information security officer, will discuss what corporate account takeover is, how it is conducted and controls you can implement to reduce the threat of becoming a victim of this crime.

The program runs from 12:15-1 p.m. at the chamber office, 1382 Biglerville Road, Gettysburg. Attendees are asked to bring their lunch. Registration is free to chamber members and \$10 to non-members. To [register](#), visit eventbrite.com and search for “Lunch and Learn Lions” in Gettysburg.

The chamber supports the Adams County business community by promoting diverse economic opportunities through advocacy, networking and information. More than 500 local businesses and organizations are members. For more information, visit gettysburg-chamber.org.
